Welcome

from Norma Jean Vescovo, CEO

The Independent Living Center of Southern California, Inc. (ILCSC) is a non-profit 501 (c)(3) consumer-based, non-residential agency providing a wide range of services to a growing population of people with disabilities. ILCSC is dedicated to developing the services which will offer persons with disabilities the opportunity to seek an individual course towards independence - while educating the community.

ILCSC was established in 1976, and the Service Office was named in honor of its founder, Darrell McDaniel. ILCSC serves a large geographic area: Glendale, Burbank, the San Fernando Valley, Santa Clarita; and Northern Los Angeles County, including the Antelope Valley.

Individual, corporate and foundation monetary contributions, as well as year-round in-kind donations and volunteer services are gratefully received. ILCSC operations are highly dependent upon community support and individual benefactors.

Upon request, this brochure is available in alternative formats.

Assistive Technology Services

Independent Living Center
of Southern California

Serving persons with disabilities and seniors since 1976

What Is Assistive Technology?

Assistive Technology (AT) is any product or service which enables a person with a disability to live a more independent and fulfilling life.

Mobility Scooters

Examples of Assistive Technology

AT devices range from the very simple, or “low tech” to the complex, or “high tech.” Examples of low tech devices include items like magnifiers, tape recorders, clothing buttoners, and other aids for daily living.

Assistive Technology Services

The Independent Living Center of Southern California (ILCSC) offers the following services in the Assistive Technology Program:

- ▮ **Information and Referral Services -** Assistance in finding reputable Durable Medical Equipment (DME) companies, and other resources in the community.
- ▮ **Develop Resources for Financial Assistance -** Assistance to individuals seeking resources for financial assistance in securing AT products and services.
- ▮ **Self-Advocacy -** Assistance in Self-Advocacy for individuals seeking AT products and services, when denied.
- ▮ **Advocacy -** Assistance to individuals in pursuing their rights in obtaining AT
- ▮ **Employment Assistance -** Assistance in obtaining necessary AT to provide support in obtaining employment.

Procedures and Guidelines *

- **Program Eligibility -** Any person with a disability residing in the ILCSC service area who may benefit from AT services is eligible regardless of disability, race, creed, nationality, age or ability to pay.
- **Fees for Services -** There is no cost to receive A.T. services.
- **Application -** Requests for services requires a phone call, email, or visit to the local ILCSC office by the client, family members, friend, or referring agency.
- **Service Program -** Service needs are self-determined. For services beyond the scope of the ILCSC, clients are referred to appropriate resources.

* Technology, equipment, and services by professional evaluators are not funded or provided by the ILCSC. ILCSC does not necessarily recommend or endorse any company or product shown in this brochure.
